Testimonials

Dr. Priyanshi

"Before this program, CSAT felt like a distant mountain—high, intimidating, and impossible to climb. But with every session, every insight, the mountain turned into a path, the path into steps I could take with confidence, and the impossible into the inevitable. Here, learning isn't just about answers; it's about awakening curiosity, sharpening vision, and discovering strength you didn't know you had. This isn't a course—it's a compass, a map, and a guide rolled into one, leading not just to success, but to a version of yourself that's unstoppable."

"This CSAT journey has been a game-changer. For the first time, I felt that learning could be exciting, intuitive, and genuinely impactful. Each session pushed me to think beyond memorization, to analyze, question, and truly understand. I don't just feel prepared; I feel unstoppable. This isn't just teaching—it's a transformation of mindset."

Dr. Sahaj Vyas

I feel genuinely fortunate to have been taught by Saransh Gupta sir for CSAT. His way of teaching Math and Reasoning is truly exceptional. What stands out the most is how he simplifies even the most complex concepts breaking them down into small, logical steps that make them easy to grasp. Sir doesn't just teach formulas or shortcuts; he ensures that we understand the core idea behind every problem, which builds real confidence during the exam. His classes are never dull he constantly engages students, encourages questions, and makes problem-solving feel like a fun exercise rather than a burden. The clarity he brings in reasoning, the practical tricks he shares, and his patient approach create a strong foundation. Beyond academics, his motivating attitude and belief in his students inspire us to push harder. For me, Saransh Gupta sir has been more than a teacher he's been a guide and a mentor Dr Sahaj Vyas Appeared twice for UPSC mains

Anushka Mukharjee

In UPSC CSE exam CSAT paper can determine the future of an attempt and being a humanities student it was always feel like a 'huddle' to me. I had no clue how to handle the CSAT paper until I have your guidance. Sir, as I consider you as my guru who actually helps me not only in CSAT but also in my overall preparation. You teach us how to solve a problem which can consider as the ultimate solution to pass the exam. The girl who had no idea how to face CSAT actually sloved the 2025 CSAT paper like a piece of cake. I just need to practice as you guided, remember your golden rules and follow your class obediently and if I get nervous I need to chant Om Saranshaya Namah and sabh solve ho jayga.. I am pretty sure the base that you have set in me and the other students are so strong that they can crack any exams if they want to. So Thank you guruji.

The way concepts are broken down in this program is nothing short of genius. Every topic, no matter how complex, is presented logically, practically, and with real-world relevance. It's rare to find a teaching approach that sharpens both knowledge and critical thinking simultaneously. This program doesn't just prepare you for exams; it prepares you for success."

I had Satyam Sir as mentor, who played a significant role in my preparation. He was a great support throughout the journey. Specifically for Ethics, I referred to the notes uploaded by him, and they were incredibly helpful. Even last year, I managed to score well in Ethics, and his resources definitely contributed to that.
